**AMENDMENT AFTER ALLOWANCE AND PRIOR TO/CONCURRENT WITH  
ISSUE FEE PAYMENT UNDER 37 CFR 1.312 and MPEP §714.16**

Sir:

In reviewing the spelling of the inventors' names, it was determined there was a typographical error in Inventor Mikszta's last name (incorrectly spelled as "Mitszka"). Please correct the spelling of the inventors in above-identified application as outlined in the attached ADS. It is submitted that the Oath and Declaration is correct and valid, as the true inventors signed the papers as filed on December 5, 2003 including **John A. Mikszta**. It should also be noted that the Assignment as recorded in Reel 014106 and Frame 0771 has the correct spelling of Inventor Mikszta's name. Per MPEP §605.04(b):

*when a typographical or transliteration error in the spelling of an inventor's name is discovered during pendency of an application, a petition is not required, nor is a new oath or declaration under 37 CFR 1.63 needed. However, applicants are strongly encouraged to use an application data sheet such that any patent to issue will reflect the correct spelling of the inventor's name.*

As such, a Supplemental ADS correcting the spelling of John A. Mikszta is supplied herewith.
